

How to Measure for Inkkas Shoes

If unsure send measurements to: mel@inkkas.com.au

1. You will need a blank piece of paper, a pencil & a ruler.
2. Wearing a sock of medium thickness, stand on the piece of paper on a hard flat surface. Not carpet. Draw with care the outline of your foot.
3. Repeat for the other foot as most people have different size feet.
4. Measure in centimetres for both feet the longest length from the heel to the end of the longest toe.
5. Match your measurement to the size chart and choose your European Shoe Size.
